

Introducing a way to make even more income from SEACRET:

GLOBAL CUSTOMER REVENUE POOL

The **GLOBAL REVENUE POOL** is comprised of 2% of the total volume from Preferred Customers around the world*, and is yet another way to share in the global wealth of **SEACRET**.

HERE'S HOW IT WORKS:

- You earn 'shares' in the Global Revenue Pool and each share equals a monthly payout to you, the Agent.
- To qualify for a share in the pool, you must have 10 Active Preferred Customers on the last day of the month at 11:59pm PST that day, which will qualify you for 1 share.
- After the initial 10 Preferred Customers, ever additional 5 Active Preferred Customers you gain will earn you 1 more share in the PC Pool.
- Shares in the Global Customer Revenue Pool are unlimited and pay outs occur monthly.
